Model: **ATOM FLY LONG**

Code: **PE252BC**

Colour: **BLACK CARBON**

DESCRIPTION

Work trousers made of very comfortable U-4 stretch fabric that is water-repellent, breathable and quick-drying.
Men's work trousers that are highly resistant to abrasion and soft on the skin thanks to the stretch fabric they are made of, designed to move in 4 directions and thus provide a high degree of freedom of movement.
These long leg work trousers feature triple stitching for greater security in the crotch area, central fly with YKK zip and scratch-resistant button.
Men's long leg work trousers equipped with many pockets: two large holster front pockets that can be concealed inside the two front pockets, two zipped pockets on the side pocket and on the front right pocket.
The design is completed by a side tool pocket, a multifunctional side pocket with a concealed badge holder, two side pockets, one with flap and one with Velcro safety fastening, two knee pockets with easy entry and hem binding.
Each pocket is made of durable polyoxford 600D fabric.
Accentuated rear yoke to better protect the lumbar region, reflex tape on rear belt loop and elasticated waistband with an innovative retractable adjustment system.
Another advantage is given by the COMBAT reinforcement system, an abrasion-proof material on the heel of the trousers to ensure greater durability.
Trousers for gardeners, farmers, carpenters, electricians, plumbers, installers, warehouse personnel, mechanics, builders.
PPE CAT certified knee protection. 1 - EN ISO 13688:2013, EN 14404:2004+A1:2010 WITH KNEE PAD ART. GC061BC (TYPE 2 – LEVEL 1)
