Mallet Construction & Insert Hardness

- All wear parts can be easily replaced at any time
- Interchangeable insert faces with different degrees of hardness
- Housings of cast steel, aluminum or reinforced cast steel
- High-quality wood or fibreglass handles

TPESOFT
soft / non-marring
hardness ●○○○○

RUBBER COMPOSITION
medium hard / impact cushioning
odorless / low-wear
hardness ●●○○○

TPEMID
medium hard / non-marring
hardness ●●○○○

SUPERPLASTIC
medium-hard / very durable
wear-resistant
hardness ●●●○○

PLASTIC
hard / oil and grease resistant
hardness ●●●●○

NYLON
hard / very wear-resistant
no chipping / oil and grease resistant
hardness ●●●●○

SOFT METAL
hard / heat-proof
hardness ●●●●●

COPPER
with plastic socket / hard
hardness ●●●●●

PLEASE NOTE: The copper and soft metal inserts MUST go into the black cast steel housing with the fibre glass handle, and CAN NOT be used in the Aluminium housing.

TERMS & CONDITIONS OF SALE

By purchasing goods from Tools of the Trade Limited you agree to these terms.

Our payment terms are 30 days, net monthly

It is your obligation as the customer to check stock and report delivery discrepancies with 3 working days of receiving your order. Invoice discrepancies must be reported within 7 working days of invoice.

- The seller reserves the right to charge monthly interest on overdue accounts for each month or part month when payment is overdue.

An account becomes overdue at the end of the last day of the month following the month of invoice.

- Should the goods remain unpaid, then appointed representatives of Tools of the Trade have the right to enter the buyer's premises in order to repossess the goods.
- It is the obligation on the purchaser (buyer), to store our goods separately.
- All items should be clearly marked as property of Tools of the Trade until the purchaser has paid all monies due, i.e. until the goods have been paid for in full.
- The buyer must allow the vendor access to the buyer's premises to ensure that this has been done.

Law & Jurisdiction

The contract between Tools of the Trade Ltd and the Customer based on these terms and conditions is applicable to each customer order, and shall be governed by and interpreted in accordance with English law; Irrespective of where the goods are sold.

The customer submits to the non-exclusive jurisdiction of the High Court of Justice in England,

Tools of the Trade Ltd may enforce the contract in any court of competent jurisdiction

General Data Protection Regulation – GDPR

In order to process your application we will supply your personal information to credit reference agencies (CRAs) and they will give us information about you, such as about your financial history.

We do this to assess creditworthiness and product suitability, check your identity, manage your account, trace and recover debts and prevent criminal activity.

We will also continue to exchange information about you with CRAs on an ongoing basis, including about your settled accounts and any debts not fully repaid on time.

CRAs will share your information with other organizations.

Retention of Title

- Tools of the Trade Limited (the seller) shall retain ownership of all goods until the full value of the price has been received.
- All goods insurance and third party claims are at the risk of the customer after delivery of the goods.
- In the event of the customer's insolvency, the seller shall be entitled to a general lien on all goods of the seller in the customer's possession (although such goods or some of them may have been paid for) for the unpaid price of any such goods sold and delivered to the customer by the seller.

Returns Policy

All Returns need an approved returns number from a member of our sales team. **This number is important for booking in and for the issuing of a credit note so please ensure that this is obtained prior to returning anything to us.**

Ensure that all goods are returned to us or made ready for collection within 7 days of the returns reference being issued. After 14 days, the returns reference will expire and goods will no longer be applicable to return for credit.

Goods can be returned against the manufacturer's warranty currently 12 months against our supported brands. If a product has a manufacturing defect, return it to Tools of the Trade Limited for a full testing report. If a defect is confirmed then you will receive a full refund or replacement of goods.

Exceptions of the above policy

We will not be able to issue a credit against goods brought in as a special item as these cannot be returned to our stocks. Please bear this in mind when ordering outside of our product range.

We will not issue credits for goods that have been misused or that have become damaged as a result of general wear and tear.

In the eventuality that a warranty claim is not upheld then we will advise you of this and give you 14 days in which to advise if you need the item returned to you. If you do not notify us on the notification sheet we will have provided that you want the back within 14 days, we will read this as your consent for us to dispose of the returned article.

Handling charges applicable

Unauthorised returns received will be subject to a 10% handling charge.

Carriage charges applicable

In most instances we will organise the uplift of agreed returns and so you will not suffer any carriage charges. If you do incur carriage and the goods do prove faulty we would usually provide an allowance for carriage in the final credit note.

- All invoice queries should be raised within 7 days of invoice receipt.
- Delivery discrepancies need to be reported within 3 days of delivery.
