UNIGLOVES® NITREX

Features

- Featuring Unigloves NitreGuard Technology
- 13 gauge seamless nylon liner with HPPE and encapsulated glass fibre
- Cut resistant level D
- Foam nitrile / PU flexible palm coating
- Hydrophobic treatment
- Touch screen compatible
- Elasticated knitted wrist

Benefits

- Unigloves NitreGuard Technology is awarded to gloves achieving a high-performance in the straight blade cut test
- Medium weight seamless, breathable, nylon liner with HPPE and encapsulated glass fibre is breathable and ideal for use in areas where cut protection is required
- EN ISO cut level D (≥15N & <22N) designed to protect against high level cut hazards
- The flexible foam nitrile coating is blended with PU and offers maximum abrasion and tear protection and an enhanced grip in dry, damp and oily conditions
- The hydrophobic treatment allows for water resistance on the back of hand whilst maintaining maximum breathability
- The product allows use of touch screens without having to remove the gloves and put hands at risk of injury
- Elasticated knitted wrist ensures a secure fit and keeps hands free of dust ingress
