Premium Leather Cut Resistant Rescue Roping Glove

The Premium Goat Leather Roping Glove is designed for rope handling and rope access users seeking superior performance, durability, and comfort. Made from top-grade goat leather, these gloves provide an exceptional grip and feel, with reinforced stitching and ergonomic design to withstand the rigors of roping activities.

Key Features:

- Premium quality tacky goat leather in palm offers durability and a good grip. It molds to the hand over time, providing a custom fit.
- Fourchettes are made from synthetic leather to maintain flexibility and durability.
- Inner backing with high strength densely knitted aramid fabric to enhanced durability and resistance to wear and tear.
- Additional thumb crotch reinforcement with coated aramid fabric, ensuring longevity in high-stress areas.
- Strategic padding attachment in high-impact areas to reduce blisters and hand fatigue.
- Secured with a Velcro closure ensure snug fit, featuring carabiner hole for improved handling and ease of use during work.
- Double stitching in stress areas to prevent tearing and increase the lifespan of the gloves.
- High-visibility fabric on back of hand for better visibility in low-light condition and reflective tape piping on key areas to enhance visibility and safety.

Ideal for:

- Maritime
- Construction
- Climbing and Mountaineering
- Arboriculture
- Rescue Operations
- Mining
- Utilities
