CONTRACTORS TOOLS
fibrelite range

A range of lightweight professional shovels designed to reduce the risk of personal injury when working near live cables.

The Fibrelite shaft is not only lightweight and extremely strong, but also fire and water resistant. The shorter socket length makes it easier to avoid touching metal whilst in use, thereby increasing safety

One piece heads forged from manganese steel for maximum strength

Round bar treaded heads for more comfortable digging

Heat treated and tempered to give quality, performance and long life

Rounded corners reduce the risk of damage to pipes and cables

All easily exceed BS3388 load test
