Product Description

KleenGuard® G80 Neoprene Chemical Resistant Gloves are suitable for various activities and offer reliable protection against a wide range of chemical and basic mechanical hazards. Each hand-specific neoprene over latex glove provides enhanced flexibility with a straight cuff and honeycomb structure on the palm to provide excellent grip in wet and dry conditions. These gloves are flock lined for easy donning and extra comfort in extended use. The gloves offer PPE category 3 protection and 0.70 thickness for handling chemicals, oils, grease, alcohols, acids, caustics or solvents. For other glove sizes, see product codes 38741, 38742 and 38743. 5 bags x 12 pairs hand specific, yellow & blue gloves, 10, (120 total)

Features and Benefits

Features	Benefits
