

CD-RW 12x

Verbatim CD-R/RW uses MKM/Verbatim's technology which ensures any recording to be of a superior quality. Mitsubishi Chemical's R&D combined with its strong coorperation with drive manufacturers ensures the broad compatibility of Verbatim's discs making them ideal for sharing computer data, home videos, photos and music. From Europe's Number 1* for recordable media

* SCCG CD/DVDR '03 - '09.

CD-RW is a rewritable disc providing 700MB capacity. Compliant with Orange Book Part III Volume 2 specifications. CD-RW with 12x and 24x speeds will not work in slower drives.
CD-Rewritable means that you can use the disc more than once and that the contents of the disc can be erased and rewritten. Verbatim CD-RW discs can be rewritten a minimum 1,000 times.

A revolutionary phase change optical recording material, SERL (Super Eutectic Recording Layer) is behind the success of Verbatim's CD-RW disc. This high technology material ensures smooth switching between record / erase phases along with high thermal stability in the recording layer. The stability in the recording layer translates into high reliability, low signal noise and long-term archive stability.
High Performance Recording Layer.
Extra Protection Durability Layer.
Minimum of 1000 times overwrite.

This is a disc with a matt silver surface. It can be written on with a CD/DVD marker pen.

Product Number: 43480
