Matterhorn

Cold storage coverall

The Matterhorn is a highly functional cold storage coverall which thanks to its fixed padded thermal lining protects you perfectly in extremely cold temperatures down to -40 °C. The inner collar has been fitted in fleece and knitted wind cuffs have been fitted in the sleeves. In order to be able to easily put on the coverall, the waist has been made elastic and a zipper has been provided at the lower legs, covered with a flap and touch and close fastening so no heat is lost. Wear-sensitive places such as the shoulders, elbows and knees have extra reinforcement.

Cold storage coverall

Matterhorn - 6402A2PB4
