AUDIO CABLES

3.5mm Stereo Extension Cable

Our NL2TTMF range of audio extension cables are assembled with gold plated connectors for a higher quality connection and also providing anti-corrosion properties. Ideal for extending the length of an existing 3.5mm Stereo cable.

The connectors can also be referred to TRS or **T**ip **R**ing **S**leeve.

Specification

- 3.5mm TRS Connectors
- Oxygen free copper cores
- Metal connectors
- Gold contacts
