## Product Ref: TG5550

## Lightweight MicroDex Nitrile Coated Impact Glove

Lightweight MicroDex Nitrile coated with thumb crotch reinforcement, machine knitted Cut Level E glove with an elasticated wrist and back of hand protection.

### Key Features:

- Plant-based LXT treatment provides water repellency and extends the glove's lifespan, contributing to its sustainable design.
- Integrated plant-based additives combat odor and offer antibacterial protection, ensuring hygiene and comfort during prolonged wear.
- Lightweight seamless knitted glove designed to provide great cut resistance.
- Palm-coated MicroDex nitrile coating for enhanced protection, flexibility, and durability. The thumb crotch is reinforced for increased longevity in high-wear areas.
- 360-Degree breathable MicroDex nitrile coating allows airflow for maximum comfort, reducing hand fatigue during extended use.
- Excellent grip in dry, wet, and oily conditions, ensuring optimal handling performance across different environments.
- Comfort pads are stitched into the palm to help increase comfort and reduce hand fatigue.
- Impact-resistant design features impact Level 2 protection, placed across the fingers, knuckles, and back of the hand to absorb and dissipate impact.
- Triple-wrapped yarn design ensures the glove is extremely strong whilst remaining thin enough to provide exceptional dexterity.
- Compatible with touchscreen devices, enabling easy use of electronic equipment without taking the gloves off.

### Special Features:

- Touch screen, 360° breathable, plant-based antibacterial properties, padded palm and plant-based water repellency.

### Ideal for:

- Metal Handling
- Construction & Demolition
- Mining & Quarrying
- General Maintenance
- Heavy-Duty Industrial Work
- Oil & Gas Operations
- Manufacturing
- Lifting Operations
