Kimberly-Clark PROFESSIONAL | Exceptional Workplaces*

New KLEENEX® and SCOTT® Multifold Hand Towel Range

Optimised towel design for enhanced dispensing versatility

Fact

Providing hand hygiene tools that are fit for purpose and within budget is critical.

With hundreds of medical staff, cleaners, visitors and patients washing and drying hands multiple times a day, hand towel spend is a significant expense in every hospital's budget.

Challenge

Whilst there's many hand towel products in the market – the opportunity to switch brands is limited.

With potentially 2000 hand towel dispensers across the hospital – any changeover is likely to bring disruption to hospital operations. Understandably the Facilities / Domestic Managers shy away from changing hand towel brands because of the hassle & disruption to patient care that the switch of the dispensers would bring.

Our Solution

KLEENEX® and SCOTT® Multifold Hand Towels.

Paper towels that dispense effectively, one at a time, through all major brands of hand towel dispenser (recessed and wall units).

SCOTT® 1804 and KLEENEX® 1890 Multifold Hand Towels perform through all major brands of folded hand towel dispenser.*

* Performance tests conducted by KCP in the Materials Evaluation Laboratory. March and April 2015

Kleenex® BRAND

Scott® BRAND

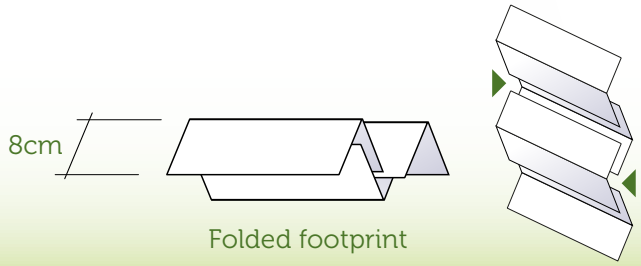

Kimberly-Clark PROFESSIONAL | Exceptional Workplaces*

Designed with hand hygiene compliance, efficiency and sustainability in mind

Innovative Format

through zig zag folding.

- Format ensures the hand towels do not "stream" when pulled through any dispenser
- Narrow footprint fits many dispensers

Product Quality

through AIRFLEX* Technology.

- Absorb water faster than conventional paper towels = effective hand drying & increased user experience
- Strong when wet = dispense more easily & don't break up in users' hands
- Soft textile-like feel & appearance = increased user experience

AIRFLEX* HIGHLY ABSORBENT FABRIC
