LONG ARM RATCHET FLEX HEAD SET TTX4 3 PIECES

- 3-piece set with 1/4", 3/8", and 1/2" long handle ratchets measuring 200 mm, 300 mm, and 400 mm for improved leverage and torque
- Flexible ratchet heads with locking mechanism allow for use at different angles
- 8-degree increments between clicks, ensuring controlled tightening and adjustments
- Twist reverse for easy direction changes and a quick-release button for efficient socket changes
- Bi-material grip and tethering facility for comfort and safety

The TengTools long arm ratchet flex head set TTXRF03 comprises 1/4", 3/8", and 1/2" drive long arm ratchets, each featuring a flexible head with a locking mechanism. This allows for usage at different angles, making it ideal for reaching deep-set bolts in engine compartments or for maintenance tasks requiring high torque. The long handles make it easier to apply more torque without additional strain when loosening tight fasteners or securing bolts firmly. Each ratchet is equipped with a twist reverse function, facilitating quick transitions between tightening and loosening actions. Additionally, a quick-release function enhances the ease of changing sockets and accessories. The ratchets are fitted with bi-material grips for superior comfort, especially during prolonged use. The set is organized in a TTX4 tool tray module to easily maintain a well-kept workspace.

General information

Country of origin: Taiwan
Barcode: 5020385034112
Tarriff code Europe: 8204200000
