nVent CADDY Fire-Rated Cable Holder, Metal

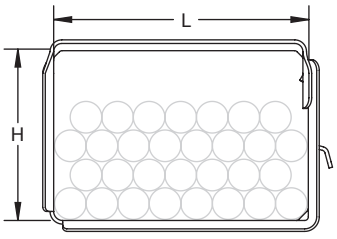

CONNECT AND PROTECT

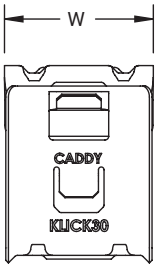

nVent CADDY Fire-Rated Cable Holder, Metal is a versatile bracket designed to support medium-sized cable bundles in crowded spaces, such as above suspended ceilings. Compatible with traditional anchoring and direct fastening for both wall and ceiling mounts, it presents a unique, tool-free closing mechanism that can be operated safely from the ground without a ladder or lift–ultimately saving contractors time on the job. Featuring a short profile design and compliance to DIN 4102-12, this cable holder is an ideal solution for electrical and datacom applications.

FEATURES

- E30-E90 classification according to DIN 4102-12
- Compatible with direct fastening and traditional anchoring
- Requires only one nail per holder
- Reusable in case of nail misfire
- Unique closing mechanism which can be safely operated from the ground
- Rounded edges help prevent cable damage
- Ready to use out of the box
- Made of 100% recyclable materials

Fire Rating

E30, E60 and E90 Fire Rating for Power and Data Cables.
