Etton

628AA2EU1

4-in-1 rain jacket with detachable bodywarmer

The Etton is a practical 4-in-1 monocolour rain jacket which complies to the European high visibility norm EN 20471 and the British RIS-3279-TOM norm. It is made from our SIOPOR® fabric which has a water repellent polyester fabric on the outside but a breathable PU-coating on the inside. The advantage of this jacket is that you can transform it to your own needs. You can wear the rain jacket with our without the bodywarmer and on top of that you can choose to wear the bodywarmer with or without sleeves. This jacket is all about functionality: the rain jacket has an extra ID-pocket and you can attach a hood with chin protection to the collar.
