TECHNICAL DATA SHEET

Karro Titan Apron

Product Information	**For the most demanding applications.** The abrasion area of this apron is a combined 21 mil (525 microns) or 23mil (575 microns), to enhance durability and protection. It is offered in two base apron thicknesses, and in die cut, buckle, and shoulder strap configurations. Belly Patch size = 38 w x 61 h cm. Custom patch sizes available.
Best in class material	100% pure Polyurethane (PU). **We use Pure Polyurethane (PU) film because it is the best material available for reusable protective apparel.**
Reusable	Reusable: Day after day, week after week, month after month. **Top Dog products last longer.**
Food safe/ Anti-microbial	• **Enhanced anti-microbial properties:** Mold will not grow on this material. • **Topdog** Pure PU is slick: almost nothing sticks to (or stains) Topdog PU (grease, food/processing waste, cleaning chemicals, etc.). Virtually zero abrasion or adhesion. • **PU material will never crack.**
Durable protective apparel	Industry leading durability. Puncture and tear resistant. 100% water/liquid proof
Care Instructions	**EASY TO CLEAN/RE-USE:** **Popular cleaning choices** • Dip wash and hang dry **(Pure PU absorbs zero moisture).** • Machine wash/dry. Laundry safe to 82°C (180°F): Refer to laundering / cleaning instructions. • Many other methods available
User Comfort	Lightweight, supple, and comfortable to wear.
Sustainability	Topdog PU is 100% Recyclable
Compliance	CFIA, FDA/USDA, UKCE and EU compliant.
Colours	Industry leading nine (9) colour choices: Aligns with HACCP/colour coding initiatives.
Thickness & Lengths	Thickness of 6 mil (150 microns) base apron with 15mil (375 microns) heat sealed frontal patch. Combined thickness of patch area 21mil (525 microns). Thickness of 8 mil (200 microns) base apron with 15mil (375 microns) heat sealed frontal patch. Combined thickness of patch area 23mil (575 microns). Lengths of 45” and 50”, (114cm and 127cm) available. Custom sizing of apron and patch area available.
Chemical Resistance	100% resistant to animal fats, degreasers, cleaning chemicals and water (plus many more fluids and chemicals): Contact Top Dog for details regarding chemical compatibility.
