SCANGRIP®
INNOVATION FROM DENMARK

SCAFFOLDING BRACKET EX

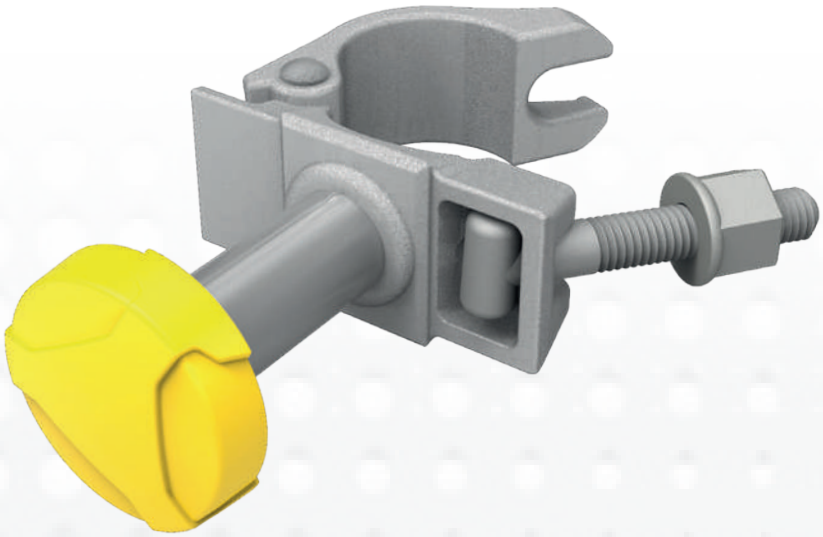

For flexible positioning on scaffoldings

ORIGINAL SCANGRIP
SINCE 1906

SCANGRIP accessories are approved to be used in explosive atmosphere in combination with NOVA-EX and NOVA-EX R.

The bracket is specially designed to fix NOVA-EX work lights on scaffoldings.
The mounting bracket can be attached to any round object ø40-50 mm.

The bracket is made of the same sturdy quality as other standard fittings for scaffolding.
When mounted in the bracket the lamp can be tilted to the requested lighting angle.
