3/8" to 1/2" Drive High-Powered Air Ratchet

Description:

● Interchangeable Anvils - Swap between ⅜” and ½” anvils
● Knuckle Saver Clutch - Worlds first ‘knuckle saver’, prevents user from hitting knuckles when fastening
● Sealed Head Design - Ratchet mechanism enclosed, significantly increases tool life
● Closed Trigger Design - Improvement over lever, prevents tool getting snagged on hoses
● Variable Trigger - Improves user control of application, makes it easier to protect tool, accessory, fastener and material
● Forward Exhaust - Air outlet aimed up directs airflow away from user
● Direction Switch - Conveniently placed near handle, easy direction reversal
● Ergonomic Hand Grip - Improves user comfort, easier to hold during applications
● Maximum torque 108 Nm (80 Ft. lbs)
● Free speed 300 rpm
● Square drive 3/8"" or 1/2""
● Working pressure 6,2 bar (90 PSI)
● Minimum hose diameter 10 mm (3/8”)
