TENSATOR®

897 Midi Wall Mount Unit

Tensator wall units are a perfect solution for situations where a flexible, retractable barrier is required without taking up floor space.

The 897 Midi Wall Unit features a 4.6m retractable webbing, making it ideal for applications requiring a longer barrier. A variety of mounting options are available to suit different applications, all are simple to install.

The 897 Midi Wall Unit has a plastic casing and is available in a range of different colours and finishes.

Features

- Available in a selection of finishes and colours
