Heavy Weight Double Dipped Fully Coated Bi-Polymer, Machine Knitted Cut Level F/A6 Winter Glove

Key Features:

- High-performance, dual-layered winter glove designed for cold working conditions.
- The inner lining is made from soft brushed acrylic terry fabric that traps heat effectively to keep hands warm.
- The outer shell is made from a cut-resistant material that achieves cut Level F/A6, offering the highest level of protection according to EN388.
- Fully coated and double dipped glove with a blend of nitrile and latex rubber, which provides protection from liquids and other hazards.
- A dual-layered coating gives great grip in wet and dry conditions and increases the durability of the glove.
- The elastic knitted wrist provides a snug fit and prevents cold air, dirt, and debris from entering the glove.
- The glove maintains good dexterity and flexibility despite its thick insulation, allowing for precise handling.
- Green colour aligned with Traffi's colour-coded safety system, signifying Level F/A6 high cut protection to support workplace safety through clear and immediate visual identification.

Ideal for:

- Cold Storage
- Construction
- Utility Services
- Waste Management

Technical Specifications	
Size Range:	7-11
Lining:	45% Acrylic, 30% HPPE, 10% Nylon, 10% Steel & 5% Elastane
Coating:	Nitrile & Natural Rubber Blend.
Colour:	Green/Black
Conditions	

Packaging	
Qty/bag:	5 pairs
Qty/carton:	100 pairs
