Aquarel Dividers A4 6P Pressboard 400g A breath of lightness flows through filing with the Exacompta' s Aquarel Pastel range. This softness can be found in the pastel coloured Aquarel dividers designed to clearly organise each section of a ring binder or lever arch file. Very glossy 400gsm card, these dividers are rigid and robust. They allow you to move from one section to another with ease. The punched holes are reinforced. Pen or pencil can be used on the tabs as the soft colours make it easy for reading and locating. You can also identify the different parts on the index page provided, printable with the help of the Kreaman application on www.exacompta.com. A4 format, for punched sheets, the dividers do not protrude from the binders. French manufactured from the raw material to the finished product in the factories of the Exacompta-Clairefontaine Group.
