

7 Piece Metric T-Handle Ball End Hex Key Set

83516

Features

- Ball End design provides increased access, increasing entry angle to 25 degrees
- Keys made with alloy steel for maximum strength and to resist rotational distortion
- Chamfered edges on both ends help guide the key into the fastener smoothly and quickly
- Comfort dual material grip allows for added torque and non-slip use
- Keys can be used as short or long arm, providing access in all situations...
