Chain Support Post

Materials:
Post Cap:
Injection Moulded LLDPE (Linear Low Density Polythene) The material used is UV Stabilised and would expect to retain it's colour for 5 years in normal use
Post:
ABS, The material used is UV Stabilised and would expect to retain it's colour for 5 years in normal use

Instructions For Use:
Designed for use with posts or cones to form a multi-functional barrier system.
Can be fitted to matching coloured posts with base. Ideal as a crowd channeliser, or to cordon off an area.
Suitable for warehouses, factories, hospitals, colleges, receptions, and offices.
Distribute posts as per requirements.

Cleaning & Maintenance:
Clean with warm soapy water.
DO NOT USE abrasive substances or solutions.

Limitations Of Use:
Chain Support Posts are to be used with Chain Support Bases.
Chain Support Posts and Chain are not intended for use on the highway and do not meet the requirements of “The Traffic Signs Regulations and General Directions 2002” and “Safety at Street Works and Road Works”, both published by HMSO.
