AOC HDMI CABLES

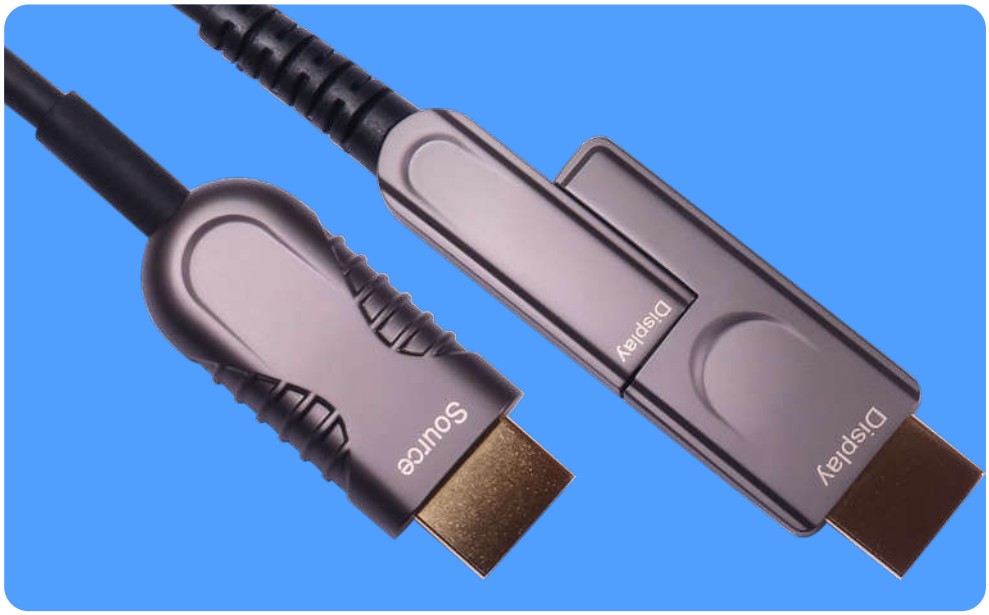

5m ~ 50m AOC HDMI Cables

The AOCDET-HDMI range of cables are Active Optical Cables that have a detachable hood to reduce down to micro HDMI for feeding through ducting or small spaces, they come with a protective case to protect the pins while feeding through, you then need to attach the metal HDMI hood again for use with HDMI equipment.

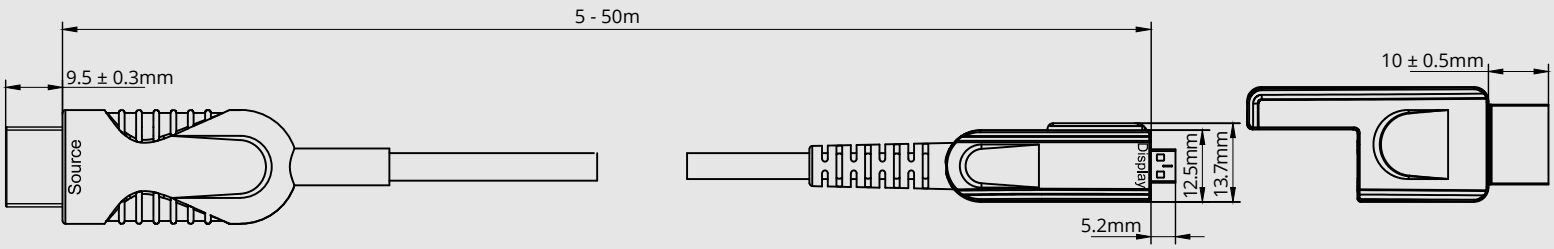

Should power be needed at the display end, these come with a USB power cable.

Features

- Active Optical Cable (AOC)
- HDMI v2.1
- 48Gbps
- 8k@60Hz
- Various lengths available
- PVC cable with metal detachable hood
