High-speed performance for your on-the-go content

Designed for your smartphone, tablet, or action camera, Lexar® High-Performance 633x microSDHC™/microSDXC™ UHS-I cards BLUE Series let you quickly capture, playback, and transfer 1080p Full-HD, 3D, and 4K UHD video[1], as well as the highest-quality movies, photos, and songs. These high-capacity, Class 10 cards leverage UHS-I technology to deliver high-speed performance—up to 100MB/s[2]. This premium memory solution includes an SD adapter and provides the speed and space you need to capture more adventure on the go.

Capture adventures in HD. Calling all adventure seekers and adrenaline junkies! Make the most of your adventures in the great outdoors by leveraging the power and performance of these cards. So, whether you're shooting the action with your action camera or an aerial camera, you can quickly capture, playback, and transfer a large amount of the highest quality 1080p Full-HD, 3D, and 4K UHD video[1] —making it easy to store your greatest moments and then relive the action.

Do more with your multimedia. Also great for use with your smartphone or tablet, the cards make it easy to quickly download or save all your favorite media files, including the highest-quality movies, photos, and songs.

Get more from your device. The cards are speed rated at Class 10, and leverage UHS-I technology to deliver a transfer speed up to 100MB/s[2]. These high-capacity cards give you the speed and space you need to capture, transfer, and share more adventures on the go.

Easily transfer files with included adapter. For added functionality, the cards also include an SD adapter, making it easy to transfer files between your devices.

Rigorously tested. All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.

For more than 20 years, Lexar has been trusted as a leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, and solid-state drives. With so many options, it's easy to find the right Lexar solution to fit your needs. Lexar products are available worldwide at major retail and e-tail stores. For more information or support, visit www.lexar.com.

[1] 4K UHD video Based on 128GB, 256GB, and 512GB capacities only.
[2] Up to 100MB/s read transfer, write speeds lower. Speeds based on internal testing. Actual performance may vary. x=150KB/s. Lexar is not liable for any loss of data or images.

Product appearance, performance, software offerings, and packaging may vary depending on ship date and available inventory. Actual usable memory capacity may vary. 1GB equals 1 billion bytes.

Warranty:
(For Americas ONLY) Limited lifetime warranty for card and one-year limited warranty for adapter
(For regions OUTSIDE of the Americas) 10-year limited warranty for card and one-year limited warranty for adapter from purchase in regions excluding the Americas
