Comark PDT300

Waterproof Pen Style Pocket Digital

Cooking thermometer that is slim and fits flat in your pocket

Comark's PDT300 waterproof digital thermometer has a quick response time of six seconds or less and has a slim profile that fits flat in your pocket

PDT300 is a top performing pocket digital thermometer combining accuracy, speed of response and durability.

Temperature measurements of thin foods such as burgers or pancakes can be accurately determined using the small diameter probe. Plus, the PDT300 can withstand commercial dishwasher cycles.

Comark uses BioCote®, the only antimicrobial solution to be awarded HACCP International Certification, to provide an important extra level of surface protection against cross-contamination.

Features

- Waterproof
- Response time better than 6 seconds
- Stepped FDA Compliant 1.5mm thin tip probe for faster response
- Range -50°C to +150°C
- Accuracy ±1°C
- °C / °F switchable
- Data hold to freeze reading
- Auto power off

Benefits

- Slim profile fits flat in pocket
- Withstands constant use in wet or humid conditions
- One year warranty
- Biocote® antimicrobial protection

Comark PDT300

Waterproof Pen Style Pocket Digital

Scales	°C and°F
Response time	Under 6 seconds
Probe tip diameter	1.5mm
Certification	NSF listed
Warranty	One Year

For a list of suitable probes and accessories, please see www.comarkinstruments.com

Warranty

All Comark instruments have a minimum one year warranty unless otherwise stated. The warranty for temperature probes is six months and all other probes are unwarranted because the conditions of use are beyond our control. The Comark Warranty covers manufacturing defects and component failure and applies worldwide. In line with our policy of continuous development, we reserve the right to alter any product specification without notice. Comark has an accredited UKAS (NIST equivalent) calibration laboratory for temperature and humidity measurement and offers full service and recalibration facilities.

Comark Instruments is committed to providing quality and affordable products to the food service industry. Our thermometers and humidity testers bring speed, accuracy and reliability to the transport, testing and storing of food under HACCP guidelines. A large variety of products, well-trained staff, and a commitment to customer satisfaction mean you can come to us for answers to all your temperature measurement needs!

BioCote®

Selected Comark thermometers, probes and data loggers have BioCote's silver techology incorporated into instrument cases and probe handles at the time of manufacture. The antimicrobial finish inhibits the growth of bacteria, reducing the risk of cross-contamination and infection in the environment. BioCote® has been officially recognised for its benefits within the food industry with HACCP International Certification. HACCP International Certification supports organisations that demonstrate food safety excellence in non-food products that are designed for, or are commonly used in, the food industry. BioCote® is the only antimicrobial solution to be awarded HACCP International Certification.
