Wall Units

Tensabarrier® Wall Units are perfect for situations where you want a flexible retractable barrier without taking up any floor space. The 50mm webbing is manufactured from high-grade material and comes complete with a cassette that features all of our patented safety elements; centrifugal braking to slow webbing retraction and anti-tamper tape ends, fitted as standard. Webbing is available in the full range of standard colours, or can be printed in any colour to order. Combine this with Tensator's first-class digital dye sublimation printing capabilities and the options for powerful, eye-catching messages are endless.

Features

- Digital printing to your design, with no limit on colours
- Centrifugal braking
- Anti-tamper locking tape ends
- Selection of colours and finishes available
- Midi, Maxi & Midi Plus Wall Units available with a selection mounting options

Benefits

- Closes off service or entry points
- Digitally printed webbing offers branding opportunities
