Features & Benefits

- The Tensabarrier® post top sign holder features a steel frame with a removable clear acrylic pocket, and a hard wearing black plastic sign cone which holds the frame in place.
- Your own signage can be easily inserted into the acrylic pocket as this slides out from the top of the steel frame.
- Frame width is 11mm and is a complete frame covering the entire edge of the acrylic- ensuring your message stays protected.
- Simply slot the sign cone on top of any Tensabarrier® to create an instant sign for your queue.
- Can be easily inserted or removed from any queue layout without the use of tools.
- Compatible with Tensabarrier® retractable barrier posts.

Product Specification

- Steel frame available in a powder coated black finish, polished chrome or satin chrome.
- Sign cone available in black only.
- Sign insert available in clear acrylic only.
- Portrait and Landscape orientations available- it is not possible to convert portrait sign holder into landscape sign holder.
- A4 and A3 sizes available.
- No tools required.

Applications

- Communicate direction of queue layout.
- Guide passengers in airports.
- Promote retail offers.
- Inform workers of hazards before they cause harm.
