432.50.100 160 mbar G1/2B

Diaphragm Pressure Gauges, Process Industry

Item number:	9042555
Quantity:	1 pcs.
Order code:	432.50-ZZZE-MG216Z-GDU-ZZ-CASZZ-ZZZZ 4A 3A3DZFJHZGZZ-IZZZZZZ12ZZZ
Overview:	432.50.100 160 mbar G1/2B Diaphragm Material: stainless steel Connector location: lower mount Sealing of pressure chamber: FPM Process connection: G 1/2 B Permissible ambient temperature: -20...+60 °C Permissible medium temperature: -20...+100 °C class 1.6 Overpressure safety: 5 x Full scale value, max 40 bar Ingress protection: IP 54 Window: laminated safety glass Pressure Gauge Standard: International (standard Europe) *WIKA* with Serial number
Details:	Diaphragm Pressure Gauges, Process Industry Model: 432.50 Specifications according to data sheet: PM 04.03 Case filling: without Case: with pressure blowout disk Nominal size: 100 mm Scale range: 0...160 mbar Process connection: G 1/2 B Connector location: lower mount Diaphragm Material: stainless steel Lower Body Material: Stainless-Steel Pointer: standard pointer Permissible ambient temperature: -20...+60 °C Permissible medium temperature: -20...+100 °C Accuracy class: class 1.6 Overpressure safety: 5 x Full scale value, max 40 bar Case material: Stainless steel 1.4301 Case surface: bare Ingress protection: IP 54 Sealing of pressure chamber: FPM Window: laminated safety glass Pressure Gauge Standard: International (standard Europe) Manufacturer logo: *WIKA* Serial number: with Serial number
