HDMI SPLITTERS

NEWlink HDMI Splitters with 4k Support

Our 4K HDMI splitter is a distribution hub that sends the same HDMI output to multiple displays such as HDTV's or monitors. Simply connect source to splitter and splitter to displays with HDMI cables to enjoy a high quality visual experience. Capable of up to 4K resolution and 3D.

Features

- Duplicates HDMI signal to 2 or 4 displays
- Supports resolutions up to 4K @ 60Hz
- Supports 3D
- Supports HDCP 2.2
- Installs in seconds, no settings required
- All metal housing
