Datasheet

NEWlink 50 mtr HDMI Male to HDMI Male Active Optical Cable (AOC)

Stock number: 2240984

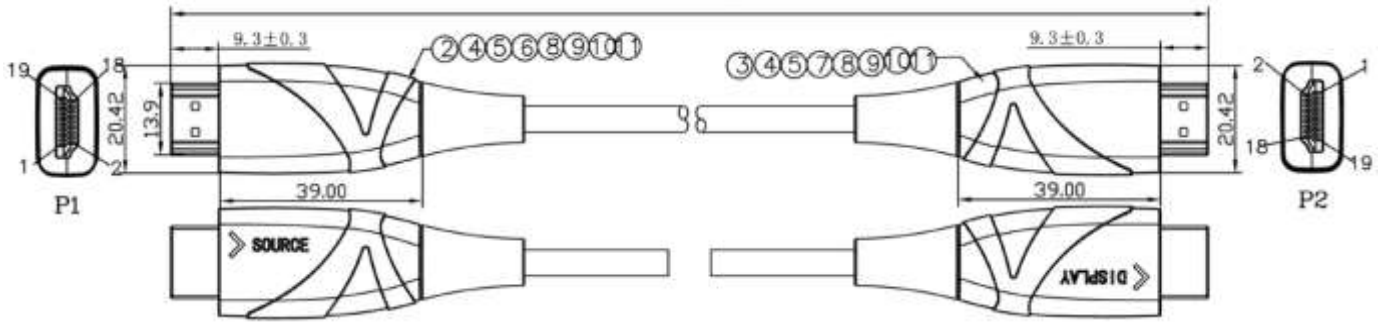

EN

The NEWlink 50 metre HDMI male to HDMI male, Active Optical Cable which has a black TPE jack with and an outer diameter of 4.8mm. The connectors are metal and have gold flash covering to prevent corrosion.

Active Optical Cable (AOC) uses fibre optical technology to allow the transmission of HDMI signal up to 100 metres with no interference or degradation of signal or quality of image.

AOC still has some copper cores to carry power along the cable so no need for a PSU at the display end.

HDMI is possibly the most common display connection on the market which can be found on devices ranging from PC's, Bluray players, games consoles and more.
