PFF330R5

Plinth, 300x300

These floor stands for floor mounting should be used when a suitable operation height is required for a wall mounted enclosure.

CHARACTERISTICS	
Plinth Height	300 mm
For enclosure Depth	300 mm

Item no.: PFF330R5
EAN no.: 8713574127227

Technical data

Description: Floor stands for floor mounting to give a suitable operation height. Available for 300 and 400 mm depth enclosures with W≥ 400mm. 300 or 450 mm high are available. Machining is required.

Material: 2 mm mild steel.

Finish: RAL 7035 structured powder coating.

Pack quantity: 2 pieces with mounting accessories.

Features

Feature: Painted steel floor stands for mild steel wall mounted enclosures.

Advantage: The floor stands are mounted underneath the enclosure to provide 300-450 mm of extra space between the installation floor and the bottom of the enclosure.

Benefit: The height of the enclosure is increased ensuring operations and maintenance can be easily performed.

Comment: The wall mounted enclosure requires machining before the floor stand can be mounted. The floor stands are only available for enclosures with a width from 400 mm and a depth of either 300 mm or 400 mm.
