VGA SPLITTERS

NEWlink Mini VGA Splitters

The SVGA splitter sends a high resolution VGA signal, up to a resolution of 1920 x 1080, to two or four displays (depending on model bought). The splitters are powered by a USB cable so it does not take up valuable wall sockets.

Package Contents:

- 1x 2 / 4 Port SVGA Splitter
- 1x USB Power Cable (150 cm)
- 1x User Manual (CD)
