LED ECO BEACONS

Industrial LED ECO Beacons > LEDS 100 Series

Product overview

The LEDS 100 economy series is suitable for light commercial & industrial signalling applications where local indication is required.

These beacons have two selectable stages of alarm, flashing or continuous (static) mode, selectable by a jumper link on the PCB. The design also allows for a third wire connection giving flexibility to switch from a pre-set static mode to flashing.

The LED ECO range has been designed predominantly to offer a cost effective solution against more traditional incandescent types of lamps, whether through new plant and machinery installations or existing facility upgrades.

This design allows for termination inside the enclosure through the base of the beacon, either from directly below or using a 6mm cabling channel at 90° to the base for surface cabling. The LEDS version incorporates two mounting studs 2 x 5mm on 45mm centres.

Features

- Continuously rated
- LED long life
- Low current consumption
- Suitable for surface or wall mounting
- Optional Cage Guard available - see accessories
- 2 stud fix
- 360° light output around the vertical axis
- Dustproof and Weatherproof

LEDS 100 Series > Ordering Information

Code No:	Voltage:	Light Source:	Current:
LEDS100-01	10-17v Ac/Dc ⎓	8 SMT LEDs	430mA •
LEDS100-02	20-30v Ac/Dc ⎓	8 SMT LEDs	110mA •
LEDS100-03	35-85v Ac/Dc ⎓	8 SMT LEDs	76mA •
LEDS100-05	85-380v Dc --- 85-280v Ac ~	8 SMT LEDs	35mA •

• at 12v Dc • at 24v Dc • at 48v Dc • at 230v Ac
