4-Port Portable USB 2.0 Hub with Built-in Cable

Product ID: ST4200MINI2

Here's a simple and cost-effective way to expand your computer's connectivity by adding extra USB ports. This 4-port USB hub turns a single USB connection into four connections and features a compact, USB-powered design that makes it perfect for travel. The hub also features a small-footprint housing, which means it takes up less desk space.

Add USB ports, virtually anywhere you go

With its compact and lightweight design, this 4-port USB hub is tailored for mobility. You can easily tuck it into your laptop bag when traveling, which makes it easy to expand your connection options almost anywhere you need to. It's perfect for connecting common USB devices such as a mouse, keyboard, or flash drive, right when you need them.

Bus-powered design makes travel hassle free

This versatile hub features a built-in USB cable and is bus-powered, so it draws its power directly from your computer's USB port. This means there are fewer cables to carry with you when you travel because it doesn't need an external power adapter.

Convenient port access

With all four USB 2.0 ports on one side, this hub makes it easier to access ports to connect or disconnect devices. Plus, you can easily connect USB devices that have larger connectors or plugs, because the hub offers extra spacing between each USB port.

Universally supported, for easy installation

This universal USB 2.0 hub will work with a wide range of computers, because it requires no additional software or drivers. It installs automatically when you connect it to your laptop or desktop, so you can be up and running quickly. It also works with a range of operating systems such as Windows®, Mac, Linux® and Chrome OS™, so it's multi-platform compatible.

The ST4200MINI2 is backed by a StarTech.com 2-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility

RoHS Compliant Available

Applications

- Carry the hub with you while you're traveling, and connect your USB devices wherever you go
- Deploy at home, in the office, or in hot-desk environments to provide USB hub access for multiple devices
- Make hard-to-reach USB ports more accessible
- Connect larger USB plugs to your computer

Features

- Compact, lightweight housing with a small-footprint design for travel or desktop placement
- Four USB 2.0 ports (up to 480Mbps throughput) with extra port spacing for larger USB connectors
- USB bus-powered and features a built-in cable, so you can carry the hub with you anywhere
- Universal, multi-platform compatible with fast, easy installation, and native support in most operating systems (Windows, Mac, Chrome OS, Linux)
- Convenient port layout on one side for easy port access when connecting or disconnecting devices
- Offers plug-and-play installation, and supports hot-swapping or hot-plugging

	Warranty	2 Years
Hardware	Industry Standards	USB 2.0
	Interface	USB 2.0
	Ports	4
Performance	Maximum Data Transfer Rate	480 Mbps
	Type and Rate	USB 2.0 - 480 Mbit/s
	UASP Support	No
Connector(s)	Connector Type(s)	4 - USB Type-A (4 pin) USB 2.0 Female
		1 - USB Type-A (4 pin) USB 2.0 Male
Software	OS Compatibility	OS Independent; No additional drivers or software required
Special Notes / Requirements	System and Cable Requirements	Available USB Type-A port - USB 2.0 (480Gbps)
Power	Power Source	USB-Powered
Environmental	Humidity	0~90% RH (Non-condensing)
	Operating Temperature	0°C to 40°C (32°F to 104°F)
	Storage Temperature	-10°C to 70°C (14°F to 158°F)
Physical Characteristics	Cable Length	155 mm [6.1 in]
	Color	Black & Silver
	Enclosure Type	Plastic
	Product Height	15 mm [0.6 in]
	Product Length	82 mm [3.2 in]
	Product Weight	33 g [1.2 oz]
	Product Width	27 mm [1.1 in]
Packaging Information	Shipping (Package) Weight	105 g [3.7 oz]
What's in the Box	Included in Package	1 - USB 2.0 hub
