Skipper™
Beyond modular connectivity

DATA SHEET

Accessory Kit

Product code: ACCESSORY-01

Overview

Thanks to the Skipper Unicart, no longer do post and base carts need to sit gathering dust for months, wasting money. The Skipper Unicart is one step ahead, quickly transforming into a handy janitorial trolley. Simply utilise the optional extras, such as the tray, drawers and bin to aid in cleaning and hygiene tasks. You can also add a waste bin and other Skipper products via the rear connection/clip, enhancing the full versatility of this groundbreaking trolley design.

Product Specifications

Product FAQs

Q. How do I turn the Unicart into a janitorial cart?

A. Simply remove the Skipper or Skipper Q base tray, connect all of the optional drawers, tray and bin, and it is transformed for cleaning and hygiene duties.

Q. Where do I add a waste bin?

A. You can add the waste bin and other Skipper products via the rear Receiver clip.

Q. How do I store mops?

A. The supplied C-clips are perfect for the safe handling and security of mops, brushes and dusters.

The 3 drawers are available in Purple

The tray and bin will be available in Cool Grey
