Weller WPH80 Soldering Iron Stand - T0051514099N

Weller WPH 80 Soldering Iron Rest - T0051514099N

Introducing Wellers WPH 80 soldering iron stand, designed for use the WSP 80 & WSP 81 soldering pencils. This stand has a robust design and offers support when resting soldering irons while they are still hot and not in use.

Upon inspection, the WPH 80 is made of 3 primary parts, a base, holder/rest and a cleaning sponge. Systems like these should be used at all times during soldering applications to ensure that your soldering tips are kept clean and out of harms way while at rest.
