PSC1-A-91-SAFEPLC2

- **The SafePLC2 programming system is a graphically-oriented editor for creation of a monitoring program for the PSC 1-C-10 and PSC 1-C-100 safety control systems.SafePLC2 enables graphic creation of sequence programs according to the function block method as well as the parameterisation of sensors, actuators and other technology functions used.A licence dongle is required to save, compile and for the transfer of the program to the control system.Note:This software package needs to be acquired once to program the PSC 1-C-10 and PSC 1-C-100 control systems.**

Data

Ordering data	
Product type description	PSC1-A-91-SAFEPLC2
Article number (order number)	103008473
EAN (European Article Number)	4030661454924
eCl@ss number, Version 9.0	19-20-90-90
General data	
Product name	Configuration software SafePLC2
Gross weight	100 g
Scope of delivery	

Included in delivery	SafePLC2 configuration software incl. online documentation and documentation (PDF) on data CD - Licence dongle Notice: The most up-to-date version can always be found here. With effect from version 1.7.1.7889, you will be asked if you would like to install the newest version when SafePLC2 is started, provided that you have an active internet connection.
