# MagPro™ Elite Magnetic Privacy Screen

## For MacBook

The move toward hybrid working means that the modern workplace is no longer a single, easy-to-secure location. Users can be working anywhere, with an increased chance of visual hacking. Owners of any MacBook require a privacy screen that can be quickly attached and detached, allowing the laptop to close completely to enter sleep mode. The MagPro™ Elite Magnetic Privacy Screen attaches seamlessly to any MacBook magnetic frame, requiring no inconvenient adhesives. Allowing the device to close completely, the screen narrows the viewing angle to +/- 30°, limiting the chance of unauthorized viewing and reducing harmful blue light and glare.

# Replacement Accessory Kit

## For Privacy Screens

Many professionals rely on Kensington privacy screens to protect sensitive information on their monitors and laptops. After extended daily use, the mounting components on these screens can gradually wear down and lose their grip, causing a less secure fit. The Replacement Accessory Kit for Direct-Attach Privacy Screen Filters provides high-quality replacement components to restore fit and extend the life of your privacy screen.
