VideoInspector (7,9 mm; 1,5 m)

Professional video inspection system for easy visual inspection of hard-to-reach areas - Wide range of possible applications thanks to compatibility with high-quality camera units

The professional video inspection system is ideal for pinpointing problems behind or in objects, walls, pipes and cavities. The camera head and probe are waterproof and resistant to petrol and diesel. Further advantages are the first-class LED object lighting and the magnetic stand for positioning the base unit. The true-to-life reproduction of colours provides a very realistic image. In addition to the HD FlexCamera included in the scope of delivery, the base unit is also compatible with the high-quality camera units Inspector Camera 3DX and 3DL as well as HD DuoCamera and HD MicroCamera. This offers a wide range of possible applications.
