V-Gard® Propionate Visors for Chemical & Splash

Face Protection - Technical Data Sheet

All V-Gard visors easily fit to V-Gard Headgear brow guard and on V-Gard frames for all V-Gard helmets.

V-Gard Propionate Visors provide impact protection, and are good for those applications where chemical splash hazards also exist. They offer increased impact protection and superior optical quality over acetate visors. Being moulded makes them optically correct, and helps ensure very good view and reduced eye fatigue. Their chemical and heat resistance is better as they are thicker and not as stressed as flat visors. Two versions can be worn in combination with helmet mounted ear muffs.

A special visor version is available for V-Gard retractable or standard chin protectors.

For different visor versions, frames and chin protectors please see the separate datasheets.

P/N	Key Specifications								Masterpack: Selling Unit Qty
	LxW (mm)	Thickness (mm)	Weight (grams)	Tint	Use with Ear Muffs	Use with Chinguard	EN 166 Approval	EAN Code 13	
10115855	203x432	2.5	195	Clear	Yes	No	1B 3	641817026038	5
10115856*	203x432*	2.5	165	Clear	Yes	Yes*	1B 3	641817026199	5
10115851	235x457	2.5	215	Clear	No	No	1B 3	641817025994	5

More visor versions are EN certified but only available for large orders and longer lead time. Please contact MSA.

Material	All Visors listed above are made of Propionate
EN166:2001 Marking details	1 Optical class 1 for permanent usage B Medium energy impact protection (B = 120 m/s) 3 Protection against droplets and splashes of liquids MSA V-Gard visors are also approved to: ANSI Z87-1, CSA Z94-3, AS/NZS 1337
*** Visors for use with Chinguard**	Visors marked * should be used with MSAs standard or retractable chinguard, see separate datasheet. Note : Specified visor length does not include the chinguard (approx 75 mm)
Chemical resistance	Please see MSA's Chemical Application Quick Reference Guide.
Packaging	Specified part numbers correspond to one visor, which is individually packed in polybag with instruction and individual label with barcode EAN code 13. MSA sells in Masterpacks (WxLxH = 250x435x45 mm) of 5 visors. Masterpack label includes GS1-128 code

10115855 - Propionate Visor 203x432 mm

10115856 - Propionate Visor for chin protector* 203x432 mm

10115851 - Propionate Visor 235x457 mm
