USB-C to HDMI Adapter - 4K 60Hz

Product ID: CDP2HD4K60

This USB-C™ to HDMI® adapter lets you output HDMI video and audio from a USB Type-C™ device, such as a USB-C equipped MacBook, with support for Ultra HD 4K at 60 Hz. This adapter works with USB-C devices that pass a DisplayPort video signal, and it's also compatible with Thunderbolt™ 3 ports.

Ultra HD 4K resolution at 60 Hz

The adapter lets you harness the video capabilities that are built into your USB Type-C connection, to deliver the astonishing quality of UHD to your 4K 60 Hz display. This makes it easier for you to multitask, while working on the most resource-demanding applications imaginable. With this adapter, you can achieve an output resolution of up to 3840 x 2160p at 60 Hz, which is perfect for performing high-resolution tasks such as viewing 4K video. Plus, the adapter is backward compatible with 1080p displays, which makes it a great accessory for home, office or other workspace applications.

Ultimate portability

This USB type-C video adapter is highly portable, with a small footprint and a lightweight design. The adapter is the perfect accessory for your new slim USB-C device, fitting easily into your laptop bag or carrying case, which is great for BYOD (Bring Your Own Device) applications at the office.

Hassle-free connection with USB Type-C

This adapter lets you utilize the versatile USB Type-C port on your portable device. USB Type-C is a reversible connector, so it doesn't matter which way you plug it in. The reversible connector means you will always plug it in correctly on your first try, saving you the hassle and distraction of repeatedly attempting to connect your laptop to a display or projector, while you're delivering a presentation or speaking to a group.

The CDP2HD4K60 is backed by a 2-year StarTech.com warranty and free lifetime technical support.

Note: Your USB-C equipped device must support video to work with this adapter.

Certifications, Reports and Compatibility

RoHS Compliant Available

Applications

- Keep the adapter with you while traveling, to connect to any HDMI monitor, television or projector you come across
- Connect your BYOD MacBook or Chromebook™ to an HDMI display at work
- Connect an HDMI display to your USB-C laptop to use as a secondary monitor

Features

- Run resource-demanding applications on 4K displays at 60 hz
- Maximum portability with a small footprint and lightweight design
- Hassle-free connection with the reversible USB-C connector
- Thunderbolt 3 port compatible
- 7.1 audio support
