Stripmaster® & Stripmaster® Lite Wire Strippers

Features

- Excellent production stripper for #8 AWG to #30 AWG wire
- Knife-type blades
- Wire Gripper holds wire centered in stripping hole
- Lever action offers stripping and slug removal in one step
- Cleanly strips wire up to 7/8 inch (22mm)
- Reduces nicking, cutting and fraying of commercial wire
- Stripmaster® Lite is designed for people with small hands
- Stripmaster® Lite is three-quarters the size of the standard Stripmaster® Wire Stripper
- Stripmaster® Lite requires one-third less hand pressure for each strip actuation
- Cushioned, non-slip comfort-grip handles
