LOKKIT2PLUS- Domestic Locking off kit with soft case

This basic lock out kit is ideal for domestic installers, or those who don't need the numerous locks included in the more expensive kits. Supplied with three different MCB locks, catering for most standard MCBs, the Martindale Lock Kit 2 Plus enables you to carry out safe isolation procedures correctly as per the recommendations by Electrical Safety First and the Health & Safety Executive.

Electrical safety is paramount when performing 17th Edition and Part P installation testing. Every year people suffer electric shock, burn injuries and other injuries related to accidents from coming into contact with electricity, some of which are fatal. Implementing the correct safe isolation procedures will ensure the safety of the electricians when working on electrical equipment and installations.

The full 8 piece kit includes:

1 x Padlock with unique key (PAD10R)

1 x Yellow MCB lock, 10mm clip (LOK10)

1 x Red MCB lock, 6mm clip (LOK11)

1 x Green mini MCB lock (LOK1)

1 x Yellow isolation lock (LOK2)

1 x "Equipment Locked Out tags" which can be written on (TAG4)

1 x Black marker pen (LOKMP)

1 x Soft carry case (TC55)
