- High-speed transfer performance with USB 3.2 Gen 1 standard
- Seamlessly transfer photos and digital files with SD™ and microSD™ Card slots with speeds up to 170MB/s[1]
- Plug and Play design with no additional power or drivers required
- Two-year limited warranty

Connect your possibilities

The Lexar® H31 7-in-1 USB-C Hub connects your possibilities with a portable workstation for work, home and travel. Featuring three USB-A high-speed ports, one USB-C power delivery charging port, one 4K@60Hz HDMI port, and SD/microSD™ card slots, you can connect anywhere, anytime.

Compact and portable design. With a compact and portable design and measuring 4.72 x 1.4 inches, the Lexar® 7-in-1 USB-C Hub is perfect for on the go travel so you never leave home without the right connection by your side.

Connect in 4K. Featuring a HDMI 2.0 port, easily connect to your monitor and experience high-quality resolution up to 4K@60Hz.

Supercharge your Power Delivery. The Lexar® H31 7-in-1 USB-C Hub features a USB-C charging port which supports pass-through power up to 100W, so you can always keep your laptop or smartphone charged and ready for productivity.

High-Speed transfers in seconds. Featuring three USB 3.2 USB-A ports with transfer speeds up to 5Gbps[1], quickly transfer photos, videos or movies in seconds.

SD™ and micro SD™ card supported. With all SD™ and microSD™ Card formats supported, seamlessly transfer photos and digital files with high-speed performance of up to 170MB/s[1].

Rigorously tested. All Lexar products undergo extensive testing in the Lexar Quality Labs, facilities with thousands of different cameras and digital devices to ensure performance, quality, compatibility, and reliability.

For more than 25 years, Lexar has been a trusted leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, solid-state drives and DRAM. With so many options, it's easy to find the right Lexar solution to fit your needs. Lexar products are available worldwide at major retail and e-tail stores. [1] Theoretical transfer speeds for the USB 3.2 Gen 1 protocol is up to 5Gbps and up to 170MB/s for the UHS-I protocol. Speeds are based on internal testing. Actual performance may vary.

Security safeguards, by their nature, are capable of circumvention. Lexar does not guarantee data will be 100% secure from unauthorized access, alteration, or destruction.

Actual usable memory capacity may vary. 1GB equals 1 billion bytes.

Lexar is not liable for any loss of data or images.

Product appearance, performance, software offerings, and packaging may vary depending on ship date and available inventory.
