Product No.	11.04.5635
Manufacturer	ROLINE
Manufacturer No.	11.04.5635
EAN (single piece)	7611990194711

1600p 2K

ROLINE DisplayPort Cable with one DP and one Mini DP connection for connecting an Ultrabook, Notebook/Laptop or PC to a monitor, TV or projector - for screen transmissions in excellent quality with resolutions of up to 2560x1600 @60Hz!

• DisplayPort is a universal connection standard for the transmission of picture and sound signals. Applications include mainly the connection of monitors and televisions to computers, BluRay players and similar devices.
• The connector requires less space and is therefore more suitable for portable display devices (ultrabooks, notebooks/laptops) or for 2 connectors on a graphics card (on a slot plate).
• The practical plug design prevents the cable from slipping out of the DisplayPort socket.
• Mini DisplayPort connectors: Mini DisplayPort connector - DisplayPort connector; Mini DisplayPort is often used on monitors or graphics cards because it takes up less space than the conventional DisplayPort connector, despite having the same technology.

• Compliant DP v1.1 (max. 2560 x 1600 @60Hz)

Technical specifications

Manufacturer	ROLINE

Product group	Cable
Product type	Mini DisplayPort cable
Colour	black
Length	2 m
Transfer quality	DisplayPort v1.1
Max. resolution	2560 x 1600 @60Hz (2K)
side 1 connector	DisplayPort M
side 2 connector	DisplayPort Mini M
Side 1 Connector Type	DisplayPort
Side 1 Connector Gender	Male
Side 2 Connector Type	Mini DisplayPort
Side 2 Connector Gender	Male
Area of application	External
Cable shielding	Screened
