HI-VIS YELLOW & NAVY GORE-TEX PYRAD® STRETCH JACKET

WJ250M & WJ250F

PRODUCT DESCRIPTION

Our durably weather protective waterproof jacket can be relied upon to offer exceptional protection against the thermal hazards of an electric arc. Enhanced with arc rated GORE-TEX PYRAD® Stretch technology the jacket provides soft-to-touch comfort and quick re-dry times, that can endure long days and changeable weather conditions in even the harshest environments, all whilst offering freedom of movement when bending and stretching.

Regular	170-180cm	5'7"-5'11"
Tall	180-188cm	5'11"-6'2"

MEASURING GUIDE

Measurements must be taken while wearing the clothing usually worn underneath waterproof outerwear. The tape measure should be fairly loose and not pulled too tight.

- ✓ **BUST** - Measure under the arms at the fullest part of the bust, keeping the tape horizontal and arms by your side.
- ✓ **WAIST** - Measure around the natural waistline at the fullest part.
- ✓ **HIP** - With feet together, measure around the fullest part of the hips.
- ✓ **HEIGHT** - With bare feet together, measure from the top of the head to the floor.
- ✓ **INSIDE LEG** - In bare feet, measure from the top of the inside leg down to the floor.

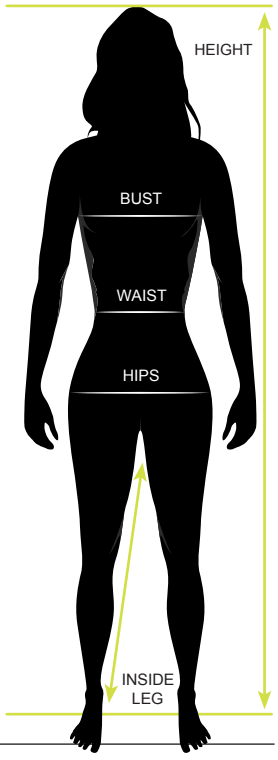

Once measurements are taken, compare them to the fit guide measurement tables to find your jacket and trouser size.

When fitting the trousers, if the waist and seat measurements fall into different size categories, choose the larger size to avoid the trousers being too tight.

If the height and inside leg measurements fall into different length categories, choose the jacket length based on the height measurement and the trouser length based on the inside leg measurement.

*****These styles are historically perceived as FEMALE but can be worn by anyone whose body measurements fit the above tables.*

******Please note that when using the measurement tables, all manufacturing tolerances and standard garment over-measures have been taken into account. This ensures that any slight variances in manufacture or fabric shrinkage after washing will not affect the fit of the garments.*
