Agilent Technologies

34161A Accessory Pouch

Key Specifications

- Size: 11 inches x 8 inches x 1½ inches
- Material: Cordura®
- Closure: zipper
- Attachment: nylon straps wrap around instrument with velcro closures

Description

The Agilent 34161A Cordura® pouch fits on top of the Agilent 34401A and 34420A mulitmeters, as well as the 34970A Data Acquistion/Switch Unit. Its dual zippered compartments can hold manuals, power cords and other accessories. It will fit most 2-slot, half rack sized Agilent instruments.

The Agilent 34161A is compatible with the Agilent 34401A and 34420A DMMs, the Agilent 34970A Data Acquisition/Switch Unit, the Agilent 33120A and 33250A sources, the Agilent 53131A, 53132A and 53181A counters, most E3600 power supplies and other 2-slot, half rack sized Agilent products.
