BPP40

Bottom profile H/W, 400

These mounting profiles can be fitted into the terminal box to allow for DIN rails to be easily installed, exactly where required, for the mounting of modular components, eliminating the need for using the box's mounting plate.

CHARACTERISTICS	
H/W	400

Item no.: BPP40
EAN no.: 8713574194137

Technical data

Description: Bottom profile for DIN rail mounting.

Material: Galvanized steel.

Pack quantity: 2 pieces.

Features

Feature: Mounting profiles can be fitted into steel terminal boxes.

Advantage: Further mounting possibilities are created to support DIN rails BDR, without using the terminal box's mounting plate. Multiple profiles may be mounted in different positions thanks to the profiles hole pattern.

Benefit: Customers can install modular components easily and exactly where they desire creating the best enclosure solution possible.
