Part Number	**DR2KT2**
Key Life (cycles)	> 4 Million
Service Temp (Dry)	-20°C to +70°C
Keypad Material	Super High-impact Polymer
Keypad Colour	Black
Keytop Material	Super High-impact Polymer
Keytop Colour	Black
Keytop Legends	Laser Marked
Legend Colour	White
Contact Materials	Carbon / Gold
Weather Sealed	IP65
Resistance to Static Discharge	> 12.5 KV

All **Storm AXS Keypads** incorporate the proven **STORM** switching technology ensuring rapid, reliable and responsive data entry. Specified to survive in different service environments, ranging from exposed, unsupervised public environments, to general service / indoor installations. Keypads in the **STORM AXS** range are dimensionally and electrically interchangeable.
This allows users, entering codes at all outdoor or indoor access points, to establish and maintain familiarity with the keypad features. Applications requiring two door control or alarm and door monitoring support require the **Storm AXS StrikeMaster** DE Keypads.

Whilst every effort is made to ensure details are correct at time of print, specifications are subject to change without notice.
