Polyco® BODYGUARDS

Finite® P Indigo AF

An exceptionally soft & pliable nitrile disposable glove

Finite® P Indigo AF is a premium powder free nitrile disposable glove compliant to European Standard EN374, providing an effective barrier against oils, acids and other chemicals. It has an AQL rating of 1.5 and complies to Medical Standard EN455 Class I. Made from high quality nitrile synthetic rubber, it is extremely soft with increased elasticity, yet still maintains a tensile strength comparable to natural rubber. It is ambidextrous and has a unique shape with an improved fit. The cuff is beaded which adds strength and prevents liquid roll back. Finite® P Indigo AF is free of proteins found in natural rubber eliminating protein sensitisation and is free from residual accelerators that are a common cause of allergic dermatitis. It conforms to standard EN1149 for anti-static properties and is powder free reducing the risk of product contamination.

Typically used for:

- Pharmaceutical Duties
- Electronics
- Inspection
- Laboratory Work
- Local Authority Work
- Hospital & Clinical Duties
- Automotive Maintenance & Repair

Case Quantity:

100 gloves per dispenser
10 dispensers per case
